La marca que le dio
nombre al producto

A man with a beard, wearing a camouflage cap and a dark t-shirt, is hiking through a forest. He has a large backpack and is holding a trekking pole. The background is a dense, green forest with sunlight filtering through the trees.

There's always **someplace**
new to discover.

Timeless routines,
reimagined.

Say yes to hammock naps.
Your coffee will **still be hot**
when you wake up.

The **simplest pleasures in life**
don't go out of style.

Leveraging Our Authentic **HERITAGE**

Since 1904

Our heritage is our key point of difference, and it is time to honor it. The 1904 Collection by Thermos celebrates iconic design infused with innovation and contemporary touches.

On-Trend **DESIGN**

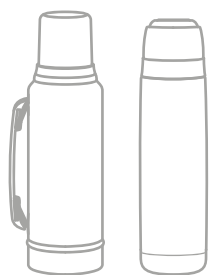

Reach a broader audience

The 1904 Collection by Thermos will help elevate and reinvigorate the cool factor for Thermos through its cohesive and on-trend design. Storytelling, DTC focus, and strong marketing support will be key to its success.

Embracing our core value of **FAMILY**

Family first & inclusivity

Most outdoor brands focus on the extreme outdoor camper. We are taking a different stance and focusing on a family-first approach that prioritizes everyday moments whether by the lake or in your backyard.
